Ellen Irene Kemp 31 August 1948—23 June 2011

Ellen Kemp was born in Swan Hill and spent all her youth there. A lot of it was spent playing by, and in the Murray River, and at the swimming pool where she developed her talent for diving. She became a State competitor of high diving. Ellen completed her education at MLC in Melbourne and went on to Pharmacy College. After marrying Rob Kemp they went back to Swan Hill and Ellen bought a pharmacy there. Rob's work bought him back to Melbourne and they had two daughters while investing in property and playing with renovations. Quickly Ellen needed another project and they started mussel farming down on the Bellarine Peninsula. Ellen was working part-time as a pharmacist in Coburg during this time. She and Rob became great skiing enthusiasts, as did the children.

Ellen built the Trentham Pharmacy and, despite the size of

the town, the business slowly developed. She was very pleased to win the business of the hospital, here in Trentham, and enjoyed the friendships she made there. As

the town has grown so has the business, and Ellen was very good at finding staff with a warm and friendly manner. We have all greatly benefitted from that. When the Newsagency was about to close, Ellen knew that the town would suffer, so she said that she would buy it, and anyway, she needed her Age and the Financial Review!!! We all know the rest of the story, the

Pharmacy and the Newsagency go from strength to strength. Ellen unfortunately developed lung cancer and although given only 6 months to live fought on for two years. She pushed the boundaries of medicine, and it was tough. We, the population of Trentham can only be grateful for the vision she had for the community.

Many thanks to Susie Spence for providing these details.

According to Chris Macquet, the **2011 Victorian Truffle Festival** was a huge success with over 700 people attending. All truffle tastings and dinners were fully booked. Many thanks to all those who contributed their time, money, energy and support to make VTF 2011 the success it was.

The **United Nations** has declared 2011 the International Year of Forests. Local environmental group **Wombat Forestcare** wanted to support this world wide initiative and so created the You, Me and Biodiversity lecture series. Little did they know this would put **Trentham on the world map** – literally. The United Nations has picked up on this community initiative, being held at the Trentham Neighbourhood Centre and Trentham is now on the UN map of biodiversity events. The series has also attracted funding from the Hepburn Shire. The theme is 'the hidden forest' and talks will centre on promoting and protecting biodiversity in the Wombat forest. Councillor's Corner—Coliban Ward

Hopefully the news has spread now, that there was funding for investigation and implementation of better library services in Trentham to the tune of \$50,000 – a sign that all of our efforts in setting our collective vision for the future and getting Council to see the value in Trentham are starting to pay off. Many thanks particularly to the Lubeeks, the McCallums and the Trentham FORUM for all of the hard work they have put into

this successful push.

At its July meeting, Council received and noted the recent Hepburn Planning Scheme Municipal Strategic Statement (MSS) Review which draws together the existing MSS with a range of studies and base work that has been done in the years since it was last carried out in 2003. The next stage is a re-write of this document which will occur in the next 12 months. Council staff are currently developing the

format that this process will take, but there will definitely be scope for input from Trentham residents. This is a critical document for shaping the development patterns in our area and anyone who is interested should take the chance to have a say.

Landcare Report

Trentham Landcare Group is undertaking a review as it comes up to its AGM in August.

A survey has been distributed to members and the results will be discussed at the AGM in order to set some priorities for the incoming Committee.

At the last Committee meeting it was decided to use a grant which has been received from Hepburn Shire to undertake some

grooming of blackberries on the Reserve which fronts the Coliban River north of the old Enders Bridge. Some of our senior citizens remember this as a picnic area with clear spaces between the huge trees and access to the river. It may take several years to get the weeds under control and cleaning up fallen limbs.

Parks Victoria is the manager of this area and it is hoped that

they will assume responsibility for ongoing maintenance.

Members are eligible for up to 100 free tree seedlings through our annual Tree Project. Local seed is collected and seedlings are propagated by volunteers in Melbourne. Orders need to be placed ASAP for delivery in Spring.

2011 Hairy Arch – art for the people by the people!

The annual Hairy Arch event on Saturday 16 July was a huge success and raised over \$5,000 which will be shared between several Trentham community groups and projects. The Pig & Whistle was overrun with locals and visitors having a laugh and vigorously bidding for the 60 paintings on display.

Each year participants are given a theme (this year's was 'Precious') and the artists can interpret this on canvas in any way they wish. This art show is unique in that only non-artists can enter and the judging is more concerned with the idea behind the work,

not on the execution. In fact, the artist that shows the most

excellent technique is awarded the 'Too Good Award' and is banned from entering subsequent competitions. At the other end of the scale is the Bins Direct 'Most Bin Worthy' award (which is self explanatory)! Congratulations to Madelene Sutton who won the 'Hairy Arch' with her painting of her grandfather.

Many thanks to the helpers, the sponsors, the artists, the generous purchasers, The Pig & Whistle and also to the Trentham Easter Art & Craft Show for the loan of the display panels.

FORUM Report

(i) Municipal Strategic Statement is the 'concise statement of the key strategic planning, land use and development objectives for the municipality with related strategies and actions'. The Hepburn MSS was last reviewed in 2003 and the FORUM is keen to promote community awareness and involvement in the current review. Together with the Sustainability Group we are proposing a public information evening on Monday 29 August (watch for notices nearer the time) at which we hope Coliban Water can provide an update on their water security planning. Issues that come into the MSS process include growth (see separate item on Trentham's growth) and managing growth, utilities and services, heating (natural gas?), transport, town character, energy efficiency and renewable energy etc.

(ii) Council Budget 2011-12 The FORUM's submission to the Budget was focussed on 'rate equity' and requested information which we believe will demonstrate that Trentham / Coliban Ward doesn't get fair treatment in how rate income is spent. We are still waiting for this information.

(iii) Community Grants Council has agreed to devolve the assessment and recommendations for the next round of grants to the FORUM and has set aside \$6,000 for Trentham applications. This is an opportunity for our community to work together to get the best outcomes. Watch out for notices about the process later in August.

(iv) Facilities Review As recommended in the Community Plan, we have worked with Council to develop a consultant brief to identify the best

approach to the future provision of community facilities in Trentham. The study will examine the adequacy, suitability and condition of existing facilities; the capacity of the community and resources to maintain these facilities; their optimal use; the need for an indoor multi-use facility with capacity to support recreation / sporting activities, community events, activities, exhibitions and provide an emergency assembly site; and explore options for the provision of services and activities including library, childcare, visitor information services and Council customer service. Council has allocated \$10,000 and will seek 3-for-1 matching funding from Regional Development Victoria for this study.

For more information about FORUM activities contact Ian MacBean, 5424 1727

Hepburn Shire Walking & Cycling

The consultant engaged by the Hepburn Shire Council has prepared a final Strategy report following two series of community workshops and submissions from individuals and organisations across the Shire.

The report will be presented to Council officers and councillors for assessment and approval so that the comprehensive range of projects recommended can be prioritised and budgeted for.

As reported previously, Trentham has Stage 1 of the Wombat Trail linking the historic Station precinct to the Racecourse Reserve and the

Trentham Falls Trail listed for consideration.

The Trentham based Daylesford to Woodend Rail Trail Working Group continues to liaise with the Hepburn and Macedon Ranges Shire Councils, Bicycle Victoria, Railtrails Australia, tourism organisations and community groups, with the Rail Trail listed as an iconic trail in the Strategy report.

The Working Group and the hundreds of walkers and cyclists who have registered their support for the Rail Trail on both Councils websites are hopeful a feasibility study recommended in the Strategy report will be

endorsed by the Councils. The State government is likely to be approached to assist with funding for a study with a number of grant programs available promoting regional recreation and tourism projects.

The trails proposed will provide significant health and fitness benefits for communities across the region, including the prospect of using them for walking or cycling to school, work or the shops etc.

Please contact either Andy Robertson, 5424 1100 or David Wilson, 5424 1882 for more information.

a small centre with a warm welcome

In Term 3 we have a number of new courses. Trentham Neighbourhood Centre has a very nice new kitchen which we are itching for people to use. Irene Brooks is offering a suite of courses teaching different cooking techniques. Irene is enthused about passing her considerable skills onto people

who will learn how to make no knead bread, ethnic flatbreads, pastry and pasta. Each of the demonstrations finishes with a communal lunch. Irene's classes are on Thursdays and Fridays 10-1 starting on 28 July. Impress your friends by entertaining them with bread, pasta and pastry you have made from scratch.

Cooking is not the only new courses we have on offer in Term 3. We are running FaceBook for

Seniors on Friday mornings. Come and learn how to keep up with your family members, especially the younger ones, by chatting, uploading photos and finding out what a "status" is.

If you would like more information about any of the many and varied courses we run or groups who meet at the Centre, call or pop in to the office; Monday-Thursday 9.30am -4pm. We would love to see you.

"Doctor" - Words in Winter

When Gwyneth Wisewould, long serving Trentham doctor, died in 1972, her funeral was the biggest in Trentham's history and a terrible sense of loss hung in the mist for years afterwards. Come and see storyteller Peter Fernon use song, mask, puppetry and performance poetry to tell the unique love story that developed between the town of Trentham and this extraordinary woman that most people knew simply as "Doctor". "Doctor" is part of Trentham's Words in Winter Festival this year.

Supposed Attempt to Rob a Bank at Trentham The Argus

Friday 18 January 1895

About midnight last night Mr. G. H. Dare, the manager of the local branch of the National Bank, discovered a man lying on the floor of his bedroom. An alarm was raised and the intruder was secured and handed over to the

police. The man, who appeared to be under the influence of drink, gave his name as Edward Walker. He was brought before Mr. W. Norton, JP, today and charged with having been found by night without a lawful excuse on the premises of the National Bank. Constable Cox applied for remand till Saturday, which was granted. The accused stated that he had become the worse of drink

through the day, but could not account for being on the Bank premises in any way except that he had lost his swag and was looking for it. Walker, who is an elderly man, is a stranger to the district. He had got into the bank by a back window, which had been left open.

Trentham Is Growing

Well, we all know that . . . but just how much?

The 2003 Hepburn Shire MSS shows population growth in the four towns over the years 1981–1996. According to these figures Trentham had 658 people in 1996 and an average annual growth rate of 1.7% over the preceding ten years (this compared with 0.3%-0.5% for the other towns over the same period).

Updating these figures to the estimated 2009 population

figures used by Council in the current budget shows Trentham, with 924 people, has had an average annual growth rate of 3.1% (compared to Clunes 1.6%, Creswick 2.4% and Daylesford/Hepburn Springs 1.8% over the same 13 year period).

No more 'sleepy hollow' . . . and this is why the FORUM is so keen for the community to get involved in the MSS process: we want everyone to have their input to how we manage our future growth.

And John Fitzgerald has drawn our attention to an item in the AGE, 11 June 2011 (p B9) "*The towns that beat Melbourne*" about residential price statistics based on the Valuer General's report. Trentham is doing very well and was listed along with Castlemaine, Woodend, Kyneton and Warburton among towns that have "recorded (residential price) growth greater than 12% year-on-year".

Trentham SAINTS Football Netball Report

FOOTBALL

The **SAINTS Seniors** have had several weeks of high and lows that have had their fans going through all the emotions of winning and losing - but loving every minute of it! This is a very young side, with an average age of around 20.

In Round 11 they bounced back from a previous loss with a gutsy win against Avoca. The game went right down to the final siren, with SAINTS snatching an 8 point win.

In Round 12 the **Seniors** played Newstead in what also finished as a real nail-biter! In the last quarter, Newstead managed to pull away to a comfortable lead of four goals. In the dying minutes the SAINTS rose to another level and drew to within a point of Newstead. A long, high kick from 70 out saw players and spectators alike holding their breath. But the siren sounded just before Harley Dalglish marked it in the goal-square. The players were bitterly disappointed with the loss.

Coming out in Round 13, fans saw the SAINTS determined to make a contest against Harcourt.

Going into the last quarter, the SAINTS had given their word to coach Dale Cowell and their supporters that they would win this game. And win it they did! This was a momentous victory for our young side.

SAINTS Reserves, Under 17s and Under 15s are also showing great promise as finals

The SAINTS Seniors are led out by Ben White, a keen SAINTS supporter

contenders and the Club invites you all to come to the next home game to join in the family atmosphere and cheer on our fantastic players.

NETBALL

When you watch **SAINTS Netballers** in action, what really stands out is that regardless of whether they win or lose, they have enjoyed themselves. All team coaches talk about the resilience of their

players, their love of the game and their continued competitive nature as they take on highly experienced teams each week. Despite numbers generally being down, we regularly see the younger girls stepping up to play in higher grades. The **Under 13s**, in their first year, continue to be bright, enthusiastic and keen to play well. Parents and

other adult supporters work with the girls to develop their skills and game tactics. Sitting sixth on the ladder shows that these girls are a great team to follow and watch in the future.

When the girls were asked what their aspiration for the club was this year, a majority of them said that they

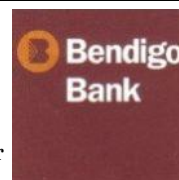

wanted to win a game or two – and, so far they've done just that. We're sure there are other netballers out there in our community – most of us have played this wonderful game at some time during our lives and we would love to see more girls and women come and join us as players, supporters or volunteers to assist the girls develop their skills. The club welcomes you to home games on a Saturday morning.

Trentham Community Garden

The Trentham Community Garden announces that plots will be made available at the start of Spring!

The wintery end of June saw the Community Gardeners add a few trees to the 'Adopt a Tree' orchard. At the beginning of July, Ian Williams kindly cultivated an area of the sod that was turned by Barry Elliott. We are most grateful to both Ian and Barry as this will be the foundation for garden plots and also enabled us to plant a bed with hundreds of garlic cloves. With organic garlic quite the

market price, we hope this will be a fundraiser for the Garden. Daylesford community garden members also came to view our site and talk about the network of gardens across the shire.

On every Station Market day, the fourth Sunday of the month, the Community Garden has its community day to which everyone is invited to participate in. Our 'Adopt a Tree' project will continue and we encourage members, groups and businesses to get behind the program and leave a legacy for your community.

The Community Garden Committee welcomes new members and any further questions can be directed to: trenthamcommunitygarden@gmail.com or 0418 257 156 or find us on Facebook! See you on Sunday for the next Community Garden Day, next to the Trentham Historic Railway Station.

Friends of Trentham Station

The FOTS are extremely pleased to be able to announce that V Track has completed the restoration of the old goods shed at the station.

The internal floor has been replaced where needed with new stumps, bearers and flooring.

The external walls have been repaired where they were damaged and now have new top and bottom plates, together with replaced framing to counteract the damage caused by water and white ants over the years.

The front and side platforms have been replaced with new red gum timbers and the rear platform has been repaired as required.

On top of all this the rear roof has been replaced together with fascias and guttering to complete the comprehensive restoration of this unique goods shed.

A very large thanks is due to V Track for the works carried out which will enable the shed, in the near future, to be used for a variety of community uses.

TRENTHAM JUNE 2011 WEATHER SUMMARY

June 2011 returns an interesting weather month with a lot of variety, the coldest morning occurred on the 1st with a minimum of -3.4°C and the day ended up with a record high for June of 14.8°C, the previous 40 year record was 12.8°C so that's a significant event. The mild weather continued to the 4th then things went haywire with a week-long cold spell and reasonable snowfall on the 7th, light snow also fell on the 21st. On the 7th, snowfalls of between 2 and 4cm covered the region with dangerous icy roads for most of the morning. The remainder of June saw rather milder weather and the last week saw temperatures exceed 10°C on 4 consecutive days. Frost occurred on 10 days with severe frost on 5 days. The highest wind gusts affected the Trentham region between the 8th and 11th with gusts between 50 and 70kph. Rainfall was slightly below the long term average coming in at 94mm (ave 125), however soil moisture remains high and all streams are flowing. The prospect for rainfall in July and August remains positive with a probability of average or above the most likely scenario.

Trentham Car Club

The Trentham Car Club has now been officially formed and is currently being incorporated.

The Club will be holding monthly meetings at the Trentham Hotel on the second Tuesday of each month at 7.30pm.

Why not come along and join in with the other enthusiasts in town.

Already a number of people have joined up as financial members at \$35.00 per annum, plus a joining fee which includes a car club badge.

Although still in its infancy, the Club is planning a number of events in the upcoming months which should interest most vehicle enthusiasts, more on these in forthcoming Trumpets.

We look forward to seeing any interested people at the August meeting.

Squash Competitions

The Macedon Ranges Squash Club continues to attract new players but there is still a spot for you if you are interested in playing. We cater for all levels of players and our club has a great social atmosphere. So if you are new to the area or just want to meet some new people and get fit, contact us about playing squash at Kyneton or Romsey.

We have 3 competitions so why not contact Bill Hutcheson on 0488 348 898 to have a free hit of squash and a chat about the competitions. Competitions in Kyneton are on Monday and Thursday nights while the Romsey competition is offered on Tuesdays.

The Club also has a free club practice night on Tuesday in Kyneton for members.

It's fun, it's easy and it's social.
