TRENTHAM & DISTRICTS COMMUNITY NEWSLETTER

No.97, June, 2010

\$502,500

Isn't that a wonderful number?

This is the amount people have pledged to support the establishment of a Community Bank® in Trentham. Many of these pledges have been received in the last couple of weeks since it was decided to launch a campaign for a stand-alone **Trentham & Districts Community Bank®**.

Congratulations and thanks to everyone who has made a pledge to support 'our bank'.

Last month's Newsletter reported the pledge amount was \$400,000+ We are now \$100,000 closer to the **target of \$650,000 for our Feasibility Study – pretty good going for a month.**

So far 178 people have made pledges for that magnificent \$502,500 total (as at 20 May – closing date for this Newsletter) and many others have promised to follow up on the paperwork. We'd love to get lots more people involved so that 'our bank' has the widest possible ownership by our communities – so that it is truly each and everyone's 'our bank'. Pledges have come in from people in Blackwood, East Trentham, Fern Hill, Little Hampton, Lyonville, Newbury, Spring Hill, Trentham and Tylden; from friends and family far and wide; from businesses and traders; from people who want to give their children or grandchildren a continuing link to this community; self-managed superannuation funds; from people increasing their earlier pledge; and so many people who are just excited about what a Community Bank® can do for our communities.

The local Community Bank® group (Corina, Georgie, Ian, Sue and me) are very confident that the **Trentham & Districts Community Bank®** will succeed and, although that will be the name on the shopfront, it is important to recognise the stake the surrounding towns and districts, each with its own identity, will have in 'their bank' . . . 'our bank' . . . 'everyone's bank'.

There's lots to be done between now and when we open the door to 'our bank'. Firstly we need to expand the existing group into a Steering Committee, and to continue gathering pledges and new banking business (note that to open an account with the **Trentham & Districts Community Bank®** or to transfer your banking you should quote our Branch reference number **72102**). When we get to the \$650,000 'trigger point' we will commission an independent Feasibility Study. Everyone who has made a pledge (and others) will be asked to participate in the Feasibility Study which, if positive (as we're sure it will be), will lead to formation of a Board and company structure, developing a business plan and a Prospectus. We hope that we will launch our Prospectus in October and that's when we'll be asking people to convert their pledge into a shareholding in 'our bank'.

In the short term we can speed up the process by gathering pledges and banking business to reach the \$650,000 target – and we'll continue seeking pledges right up to the date the Prospectus is issued to maximise community ownership of 'our bank'. We also need people to understand the concept of, and process for developing, a Community Bank® so please feel free to discuss with us any questions you might have. If you have already made a pledge you should consider yourself 'part of the team' and look for opportunities to spread the message.

The 'launch' of the **Trentham & Districts Community Bank®** campaign at the Farmers Market (15 May) drew lots of interest. Several people remarked about how Trentham was booming or about to take-off. Certainly with Spudfest, property sales, a re-vamped Trentham website, Buy Local launch, the Cosmo Stables open, Chrissy taking over the Hardware store, an extension to the Trentham Hotel, Aussie Home Deliveries opening

in Market St, lots of houses being built and new residents (and I hope I haven't left anything out) it's a very bright and confident start to winter – we almost need a weekly Newsletter to keep up to date!

MORE ON THE COMMUNITY BANK

1 For more information contact Corina Sabo 5424 1577; Georgie Patterson 5424 1686; Ian Williams 5424 1199; Sue Bruton 5424 1836; or Ian MacBean 5424 1727 We'd love to talk with you about this great project which we are confident will succeed – so please talk with us and be part of 'our bank'.

2 Pledge forms and collection boxes are available at the Trentham Newsagency; Trentham Supermarket; Trentham Petrol and Stuff; Tylden Store; the Pig & Whistle Hotel East Trentham, Lerdies in Blackwood, the Radio Springs Hotel in Lyonville and shortly at the Trentham Golf Club. Pledges can also be returned via PO Box 166, Trentham 3458

3 We're very conscious that everyone wants to know *when?* and *where?*

We'd love to be able to answer these questions but we can't at this stage.

We've got a process to go through that protects the interests of everyone involved and the only thing we can all do in the short term is get our pledge tally up to the Feasibility Study 'trigger' as soon as possible. So, if we can reach our \$650,000 target asap we can shorten the process. Then, assuming we get the green light from the Feasibility Study, we will form the Board and company structure, develop our business plan and Prospectus. We plan to launch the Prospectus in October and then raise the capital funding necessary to build and staff the Bank. That will be the other stage when you and everyone can accelerate the time scale. If everything goes to plan, and we can save a week or so getting to our pledge target and in raising our capital, we should have construction of 'our bank' well underway before the end of this year.

While we have had discussions with property owners in the commercial centre of Trentham, until we form a Board with legal status we can't negotiate or sign any contracts, so we are unable to advise the likely location for 'our bank'. We'll let you know as soon as we can – and I assure you we're as anxious as you are to get a sign up saying "*we've got our site – here it is*". Won't that be a great day in Trentham?

FROM THE EDITOR

Thanks to all those who provided submissions before the deadline, it is important and in order to get it out on time, we are going to have to keep to our deadline (**20th of the month**) and we ask all "submitters" to comply with this.

The new www.trentham.org.au website is now up and running, and back issues of this Newsletter are also available there under "News & Events". The current edition will be published there as soon as it is available. We will shortly be implementing the previous system whereby subscribers are notified

when a new Newsletter becomes available on the website. Any local business can have their details listed along with a logo or photo; just send the details to ianlyn@internode.on.net

Jane and Clyve who compile the weather report for us apologise for not being able to give us the April weather report; they are currently in the U.S. and were unable to access their computers to get the final 10 days of April that were needed for the report. They will give us April and May in next months Newsletter.

TRENTHAM SUSTAINABILITY GROUP

Have you ever walked along the beach and turned to see your footprints meandering through the sand? This is one type of footprint we leave. Our *ecological footprint* is the amount of resources consumed and waste produced by every activity we undertake. In Victoria, the average person requires 6.8 hectares of land to sustain their lifestyle. If everyone lived this way we'd need four Earths to support ourselves!

The largest contributor to our *ecological footprint* is carbon dioxide emissions from fossil fuels, in other words our *carbon footprint*. Carbon dioxide or CO₂ is one of the main greenhouse gases and Australian households produce an average of 14 tonnes each year, mainly through burning fossil fuels to generate electricity and power vehicles.

By calculating your *carbon footprint* and looking at ways of using energy better you can help to reduce global warming and save money!

The **Carbon Rationing Action Group** (CRAG) is a volunteer group who can visit you and calculate your carbon emissions using your energy bills, car and aeroplane usage and the amount of waste you generate. They will then suggest where savings can be made and offer tips on reducing energy use.

For more information or to sign up for a free visit contact Dallas Kinnear on 5348 4099 or 0439 988 056 or dallaskinnear@bigpond.com or contact Zdena Schwangmeier on 0428 587 600 or zdanas@mmnet.com.au.

SPUDFEST NEWS (STOP PRESS!)

A Spudtastic weekend had by all! The Spudfest was a spudtacular success. The Opening night kicked off the weekend with approximately 100 attendees being treated to excellent music by various members of the Walsh family including Tom Walsh and two of his grandchildren, 'Grace & Lily'. The contemporary dance by Kate Skully wowed the locals with something new for Trentham. Kirk's potato cookbook 'not the humble potato' titled 'A Taste of Trentham' was launched and copies of which sold like hotcakes throughout the weekend. Councilor Sebastian Klein attended wearing an excellent jacket made out of spud bags by Helen McRae. Thank you to the TCCC who supplied the beautiful and hearty spud styled finger food.

Saturday we baked in the sunshine as the street was closed off, thanks to the CFA trucks, for Spudtastic Games activities. There was music, fun, games, entertainment and laughter ringing out across the day as several thousand people descended on Trentham for a great day out. Who would have believed you could have so much fun with the humble potato. Every child went home with a smile on their face after having a go at either spinning the spud wheel, smashing the spud, spud hand ball,

having their face painted by Rose Wilson, the great wall of spud art, creating spud characters or through joining in with Twiggy for the spud sack race or the spud & spoon race. Great prizes were given out for all of the games and no one went home empty handed. The town square was buzzing with the spud growers very happy with their spud sales. The baked potato oven was struggling to keep up the supply to the hungry spudfest attendees. Spud hut tours were a sell out success and any one who attended these enjoyed the banter between 'Mrs Elliot' and the 'spud digger character on board' who shared stories of what life was like for the real spud diggers. Music at various venues around town was a great hit also.

The Spudtacular dinner held on Saturday night was sold out weeks in advance. The room was a buzz right from the start and the energy, noise, dancing and fun continued to grow throughout the night as dinner guests were treated to top class entertainment by the band Devilish Mary and amazing potato dishes. The night was a roaring success all round. I believe some people have booked a ticket for next years dinner already!

Market day on Sunday was overflowing with lots of people from out of town who were there to see 'just what this thing called the The Great Trentham Spudfest was all about'.

A huge thank you to everyone from Trentham and the surrounding areas who helped over the weekend and most importantly for coming along and supporting this great event as well as celebrating the strong and positive spirit of Trentham.

The Spudfest is on track to becoming a major event on the tourism calendar for Victoria in future years. Save the website as a favourite so that you can keep an eye on what is coming up for next years program www.trenthamspudfest.org.au

TRENTHAM STATION

Painting of the Trentham Historical Station has been underway over the last few weeks with the completion

of the work unfortunately held up by Trentham's weather.

The work has proceeded very well, with the station and surrounds now looking wonderful.

We would like to acknowledge the assistance of the Hepburn Shire Council in funding this work. In addition the generosity of Haymes Paints in Bendigo in providing the paint for the external painting at a special community rate has enabled us to undertake more than we originally anticipated. Thanks to Sam and Kevin from Paintright Bendigo.

Trentham Hardware assisted with paint for the work in the Meeting Room and we are appreciative of Peter and Sharon for this.

The excellent work of the painting crew from R&P Painting Services of Denver is also greatly appreciated.

FRIENDS OF THE STATION

At a time for your diary – Sunday 27 June at 11.30am at the Railway Station meeting room.

This is the date we have set for all people interested in becoming a friend of the Trentham Station – your Station. Please put your ideas for the short, medium and long term use of the station. Any idea is worthy of discussion.

Remember to share the date with your friends who may also be interested in becoming a "friend".

We have just received a glowing report from Vic11:43 PMrack, the owners of the Station who said our Station and precinct is 'one of the best preserved stations around'.

The station is a Trentham asset and icon, certainly worth retaining for all of us now and in the future to enjoy, but it does need your help.

Please come along on Sunday 27th June and share your ideas with us. (This is market day for those who may not have been for some time).

Our meeting will be followed by light refreshments.

For further information or enquiries: Ross Urquhart 5424 1509 or Gwenda Dickins 5424 1611 at Petrol & Stuff (the Servo).

Cool Country Aperitifs

The Cool Country Aperitifs (Get-togethers) started 4 years ago, mainly with those people operating businesses or working in the Cool Country area. This included Trentham, East Trentham, Tylden, Blackwood, Musk, Bullarto, Springhill, Lyonville, Newbury, Glenlyon and later extended to Kyneton and Woodend.

The then monthly gatherings at various venues, showcased B&B properties as well as others and gave an insight into businesses operating in these areas, and provided a social basis for networking and meeting people involved in the Cool Country.

This progressed to an open invitation to those who were passionate about this unique region and included new and prospective residents as well as those entrenched in the area.

We visited various B&Bs, Wadham Park, Noahs Inn Tylden, The Cosmopolitan, Gold St Studios, Montecute Cidery, Wallaby Creek, The Nutty Orchard and many others. Our aperitif group meets from 5.30 – 7.30pm, usually on a Thursday night, with BYO glasses, drinks and a small plate of nibbles. We have made it easy so that it does not matter if 5 or 100 people turn up and there is no need to reply to the email received.

A decision has been made to meet quarterly (we are all so busy) and if you wish to be on THE list please send details to Carol, feldspar@iprimus.com.au and we will include you.

Our next get-together is on Thursday 24th June and hosted by Ellie and Allen Young at Gold Street Studios, 700 James Lane Trentham East (opposite the Pig and Whistle)

Please feel free to come and enjoy the company and we all look forward to meeting any newcomers.

PEACE MEDITATION

It is not only a good way to start the week, but also a learning experience and an opportunity to share some of our concerns and some of the good news happening locally and worldwide. If you don't think you have any experience in meditating, you might discover that it is not such

a strange practice after all. And if you are experienced, you might still find something new and you might be able to contribute from your experience as well. We are a very small number and newcomers are very welcome.

Every Monday morning, with short breaks in the holidays, from 9 – 10pm, Uniting Church Hall, cnr Market and Camp Streets.

TRENTHAM FILM SOCIETY

The Film Society aims to encourage an interest in a broad range of quality, classic and

contemporary films from around the world. The screenings are shown on the first Friday of

the month at the Neighbourhood Centre, currently being held at the United Church in Camp Street. It's a wonderful opportunity to be entertained and to catch up with friends.

On June 4th we will screen "Sexy Beast", a UK brilliantly scripted crime drama,

on July 2nd, we have our members' choice "Bette Davis" film, and in August,

"The Shining", the unforgettable adaptation of Stephen King's classic novel,

starring Jack Nicholson and Shelley Duvall. Come along as our guest, or join our society.

For further information please ring James or Brad on 5424 1126 or Maria on 5424 1237, we look forward to seeing you there!

WORDS IN WINTER

"A Palette of Words" is seeking interest from artists of all persuasions to submit works for a new interactive event for this year's festival. Painters, sculptors, photographers - all local artists are invited to submit works to be shown in an interactive exhibition, using art to inspire creative writing. Please contact Saskia on 54175273 for further information.

"Telling Stories, too". Do you write? After last year's success at Radio Springs Hotel, we are again looking for material to present as part of this

year's festival, in particular, short stories, prose and plays. The readings will be rehearsed performances in a casual and relaxed setting. It's a wonderful opportunity to have local talent showcased, and we would love to have children participate! Please contact Saskia on 5417 5273 or on 0418 257.

Birthday Cakes

One of Trentham Lions Club Activities is our Birthday Cake project. This project is for all people aged 80 and over, who live within our community; to deliver them a Birthday Cake we rely on their friends or family to advise US of their birthdays. If you know anyone who is not currently on our list and they would like to receive a cake, please contact Velette 5424 1460.

NEIGHBOURHOOD **CENTRE**

Building renovations.

The building reached lock up in the second week of May which has allowed us to start exterior painting. Roy Capner, Gillian & John Wood & Paul McGee have been giving us wonderful support painting when there is the opportunity. This is not the best time of year for painting but they are doing a great job.

Activities

We are now in the last few weeks of Term 2 but there is still time to join some of our workshops. On the on 12th of June we will have a Felting for Fun workshop with Sarah Ricketts. Sarah is a multi award winning textile artist. You can find examples of her work at www.sarahlouisericketts.com. If you fancy getting some exercise but don't want to commit to one of our term programs why not take this opportunity to try some of our classes on a sessional basis: daytime Yoga classes on a Wednesday morning; Egyptian Belly Dance on a Friday morning; Women's or Mixed strength training classes on Tuesday or Thursday mornings. With Chris & Lee offering Line Dancing at the Football Ground on a Monday evening there is something every day of the week. Come along a join in! If you want more information then drop into the neighbourhood centre or check out our website www.ourneighbourhood.org.au.

HARDWARE STORE **CHANGES**

Well the bush telegraph isn't wrong very often and this time it certainly got it right!! For those people who took the "guessing game" challenge in last month's newsletter and picked the new owner of the Hardware Store...Congratulations!

For Trentham's sake it is wonderful that this thriving little business will continue on, with a local in charge of its destiny in the foreseeable future.

Chrissy has taken on a challenge befitting her skills at steering her own future and will continue the tradition of good service the business has become renowned for.

As in the past we all recognise that the Hardware shop does not have "Everything" and Chrissy will maintain the ideal of "if we don't have it, we WILL get it." Rest assured we would not leave our thriving "baby" with anyone we did not trust...it has been very good to us and deserves nothing but the best. Thank you to the people of Trentham for their support over the last 5 years and the preceding years with Trentham Gas Supply, the Hardware store and the "Old" supermarket...it has been a very interesting and successful 20 years.

Peter, Sharon and Sophie Van Rysewyk

Thank you for the opportunity to serve Trentham in a meaningful way, in a vital field. Most of you I know and I look forward to helping everyone. I am thrilled to be able to offer Trentham a viable alternative to long trips and much petrol wasting for their hardware requirements. Those people who run accounts will be given the opportunity to continue in the same way as in the past, no need to drive 25km there and 25km back for a length of storwater pipe and all the fittings. I promise I will try my hardest to keep up the standard set so far and learn all I can about how to fix a tap and how to make paint the colour you want.

Advice and help in fields I am not that well experienced in would be tremendously appreciated. A Big "thank you" to all those who encouraged me on this venture and a special thanks to Ian and Cynthia who showed me how it was all possible.

I truly thank from the bottom of my heart Sharon, Peter and Sophie for this new expedition in which they will help me "row the boat" for the immediate future...before they go on their long awaited "Holiday"

Chrissy

COUNCILLOR'S CORNER

Well council is well into the budget process for the second time in my stint and once again the process isn't that easy. It is a fine balance between the rising cost of services and actions that the community wishes us to take. Submissions closed last month, but that doesn't mean that you can't approach or contact me to discuss ideas for the budget before we meet to finalise, fine tune and move it as a council motion on June the 22nd. I have been very grateful for the input of various community members and welcome any input and expertise from the community in the lead up to the next budget that may ensure that it is as equitable and fully considered as possible.

Thanks to all who have submitted footpath survey responses so far, I expect to close submissions at the end of June and compile the strategy. I will invite people to come and see the draft before I finalise it. and put it to TRATA as a sub-document to the community plan to feed into the infrastructure budget for council in the next two years. As a document that has had full community input and backing it will have more weight than individual submissions direct to council, though it may take upto a year to get action on the ground.

SMALL TOWN WISDOM

Peter Kenyon, Australia's foremost small town guru, was the facilitator for the recent Kyneton Conference. Peter

travels the country dispensing and collecting small town wisdom – what works? what are the ingredients for success? and generally stimulating communities to action. A lot of his message is about encouraging people to get involved in their community and the change they'd like to see happen: "if it is to be, it's up to me". He also mentioned Community Banks several times during his presentation. Some of the quotes he used include:

"Most communities can often be compared to a football game where 30,000 people, who need the exercise, turn up to watch 36 players who don't." (Peter Kenyon)

The more people know each other's first name, the lower the crime rate in the neighbourhood. (Robert Putnam)

"Being involved with community groups and having strong social networks are as good for health as healthy food and exercise" (Department of Public Health, University of Flinders)

"Isolation kills more people each year than tobacco related diseases." (Tim Costello)

"If you want to go faster, go alone. If you want to go further, go together." (African Proverb)

"I think negative people should be taxed. They require an incredible amount of energy. They're like corgis nibbling at your ankles and I'm sure they exist to show us the difference between heaven and hell." (Vicki Buck, former Mayor, Christchurch City Council)

When facing a difficult task, act as if it is impossible to fail. When going after Moby Dick bring along the tartare sauce.

TO EVOLVE OR TO SUSTAIN, THAT IS THE QUESTION.

Hamlet's 'to be or not to be' still haunts us. To fully live out of one's own, true being or to merely exist. For Hamlet the choice was between the schemes and intrigues of the courts and his own integrity/sanity. In our time the schemes and intrigues play themselves out in the tangled web of economic, political and ideological interests/powers. The beauty of organic ways of gardening, land-care, forestry and farming is this truth to nature and the

honesty of its products. When one generates and increases living topsoil year after year, thereby increasing its capacity for water-retention and carbon absorption, one is solving problems of water shortage and greenhouse effects by taking a next step in evolution.

The problem with industrial, chemical, bio-technical ways of farming etc is that they are at best sustainable, i.e. stay one or two steps away from total collapse, but do not even claim to do anything to prevent erosion, soil-degradation or to enhance water retention and carbon absorption.

Trentham has taken to the road, is on its way...to what?

Travelling from Silvan to Wandin in the hills East of Melbourne, one comes across a turn to the right with a sign that says: 'Progress-Road'. Straight underneath this is another sign, saying: 'No Through Road'

In our 'Hamlet-on-Trent' Shakespeare's "To be or not to be" has become a question of "Evolve or not evolve".
