## ABOUT THE TRENTHAM TRUMPET

The Trentham Trumpet is published the first week of every month except January.

Guidelines for its Editorial Policy include:

- To inform the community of news and events that contribute to building community well-being.
- To promote a positive image of Trentham and its community.
- To provide residents with a platform to express considered opinions and concerns.
- To contribute to the historical record.
- To provide a medium for advertising services and trades offered to the community.

The Editorial Team reserves the right to refuse any article or advertising and to edit articles for length and clarity. The opinions expressed in articles are not necessarily those of the Editorial Team.

The Editorial Team requires letters containing negative statements of opinion about a person, who is easily identifiable, to be reasonably held and based on verifiable facts prior to publication. A copy of the letter will be provided to the person concerned and a right of reply will be offered in the same edition.

Trumpet Notes is a special section where you may send a compliment, raise a concern, share a memory or thank someone special. 'Notes' are limited to 150 words and author's names will be included. A limited number of 'notes' will be published each month.

The word limit for contributed articles is 300 words and regular contributors are requested to please adhere to this policy. The deadline for all submissions is strictly the 20th of the previous month.

Please forward all items for publication to:

## EDITOR'S LETTER

Spring is in the air and my mind keeps turning towards the veggie patch.

Every year I begin pottering in the patch with grand plans about what to grow however something always seems to get in the way. Last spring began well with beans, capsicum, tomatoes and eggplant all romping along. That was the year we had a frost in late November and it was also the end of the beans, capsicum, tomatoes and eggplant!

This year a cunning new plan has been devised to thwart those late frosty mornings. I will keep you advised!

If, like me, you'd like greater success in the veggie patch or perhaps are new to the area and wondering what to grow in Cool Country Trentham, check out Trentham Neighbourhood Centre's Vegetables All Year on Saturday, September 10 with Julian Blackhirst. Julian has accumulated considerable knowledge working at Garden of St Erth and growing his own fruit and veg in the area. His workshops are well worth attending and taking lots of notes to put to use in your own garden.

Trentham Photography Club's challenge of the best photo of a flower for its September meeting is another reason to wander around the garden – this time with camera in hand – and those of us nurturing a floral garden will be looking forward to St George's Flower Show coming up in November.

"I am more myself in a garden than anywhere else on Earth." This is a quote I came across recently by Doug Green and it's true. Being out in the fresh air encourages us to breathe deeply, the sunshine lifts our spirits and watching the buds unfurl renews the soul. Spring is a time to start fresh, shrug off the heavy burden of winter and consider the world around you with a clear mind.

Cheers

Pauline Nolan

## COUNCIL ADOPTS NEW TRENTHAM HUB SITE

Council resolved that the Trentham Hub site will be on Council owned land in Victoria Street in Trentham at the Council meeting in Creswick.

Cr Neil Newitt said that the decision was made to move the project forward so that the facility has the best chance of being delivered for the community.

"The decision made by Council is in the interest of developing a Hub incorporating the ideas and facilities that the Trentham people have been asking for."

"We have done a significant amount of consulting with the Trentham community on what their service and community needs are for the Hub. We will meet these needs on the Victoria Street site without impacting on the existing Mechanics Institute."

"The CEO, Ward Councillor and I have met with the Trentham community on many occasions and discussed their needs and views on the Trentham Hub," said Cr Newitt.

Aaron van Egmond, Hepburn Shire Council CEO, said "Council will move forward to ensure that the residents and ratepayers of Trentham have a Hub that delivers the services they need."

Council has committed to further consultation with residents and ratepayers on the design and layout of the Hub at the Victoria Street site.

## COUNCIL MEETING MINUTES

*The Trentham Trumpet has obtained a copy of the Draft Council Meeting Minutes of 16082016. A full copy of the Draft Minutes is available at [www.hepburn.vic.gov.au](http://www.hepburn.vic.gov.au). The following extract is taken from the Draft Minutes –*

### 6.2. NOTICE OF MOTION - TRENTHAM COMMUNITY SERVICES HUB – SITE SELECTION, DESIGN AND COMMUNITY CONSULTATION

#### PURPOSE

The purpose of this motion and report to Council is to decide on a suitable and available site for the Trentham Community Services Hub and to work with the residents and ratepayers regarding the design and content of the Hub on that site so that there is a clear path ahead.

#### BACKGROUND

This Notice of Motion is offered to provide a practical way forward for Council and the community by proposing that Council builds the Trentham Community Services Hub on Council owned land at 14A Victoria Street, Trentham. This is seen as a logical and sensible solution to the controversy generated by an earlier proposal to build the Hub on the site of the old Trentham Mechanics Institute at 66 High Street Trentham.

Council's intention has been to demolish the Hall to make way for the new Hub and design plans have been created and exhibited for that purpose. These existing designs and plans for the Hub are immediately available as a starting point to show what could be done at 14A Victoria Street.

An ideal use for this parcel of land would be for the Trentham Community Services Hub, whereby Council would build the Hub on Council's own land.

#### ISSUE / DISCUSSION

This proposal allows ...:

1. Trentham to get a new Hub and community facility that is fit for purpose and delivers a significant degree of equity with other Hepburn Shire towns; and
2. Trentham to also get the opportunity to keep its Mechanics Institute Hall.

#### MOTION

That Council:

6.2.1. Confirms that the site for the Trentham Community Services Hub shall be Council owned land at 14A Victoria Street, Trentham.

6.2.2. Prepares and exhibits design plans for this site as adapted from previously presented design plans for the Hub.

6.2.3. Places the design plans for the Trentham Community Services Hub at 14A Victoria Street Trentham on public exhibition for one month and consults widely with residents and ratepayers to invite submissions on the design, layout and content of the Hub.

6.2.4. Considers all submissions received from residents and ratepayers before deciding on the final design, costing and content of the Hub and application for Government funding

6.2.5. On adoption of this motion, instructs the Chief Executive Officer and relevant officers to immediately being the process of handing back the management of the current Trentham Mechanics Institute to the relevant government authority, which is the Department of Environment Land Water and Planning (DELWP).

Seconded: Cr Don Henderson

## COUNCILLOR'S CORNER

Eight years of working for Trentham causes was brought to a strange and arbitrary crescendo from Hepburn Council on Tuesday the 16th at the Creswick Senior Citizens Centre.

Previously approving of a Citizen's Jury process, Councillors voted 5-2 not to consult further with the Trentham community or compromise on the Hub.

Rather, Cr Bill McClenaghan, who has taken an intense interest in Coliban Ward matters over the past two years, forced the matter. He moved to build the hub wholesale at 14A Victoria St. Effectively gagging me from debate – because the site is next to my house I had to leave the room. In my absence, Councillors voted 4-2 to build the hub at 14A.

At the last minute, Cr McClenaghan also moved to return the Mechanics Institute control to DELWP.

Painfully clear was that no other councillors had actually even spoken to Trentham community members between the motion to consult further and deciding that consultation with the community was not worthwhile.

My fear is that we lose two-fold: firstly, we move no further towards a community consensus, and thus funding remains unlikely with our own internal opposition; and that we lose the opportunity to restore the Mechanics Institute Hall.

Beyond all of that, the community has been disenfranchised.

This fact was further compounded when Councillors voted 6-1 not to even include a feasibility of new club-rooms, a second netball court, or a soccer and cricket pitch in the master planning for the Recreation Reserve.

Over the coming weeks, I will be working hard to determine if Trentham residents think this is good enough. Please feel free to let me know what you think, at my next ward meeting or elsewhere.

### Young, Old, and Inbetweeners

When I started voluntary youth work in Trentham in 2009, the youth, all boys but one, shared their story of bitter disappointment. In 2004, when at primary school, Hepburn Shire came and talked to them about a Skate Park. They were excited!!!! They contributed ideas for the design. The original site was the Recreation Reserve in Market Street; a safe, supervised location out the front of their local hangout Trentham Takeaway. However a small group of residents strongly objected to the site and Council decided to build on the Stony Creek swamp, out of sight. The original design could not be completed due to the bulk of allocated funds going to reinforce the concrete, to prevent the park from sinking. The youth were angry and felt they were second best to the voice of the "oldies" in town. We worked together to "fix up the skate park", fundraised and collaborated with the community to establish the Pocket Park. The swamp is now a wonderful recreation area. If not completed in their teenage years, it is a legacy to their generosity of spirit after the loss of their dream.

Council has decided to build the Trentham Hub on their land in Victoria Street. I appreciate there is some disappointment and grief for the loss of the "New Mechanics". As a strong advocate for the outcome that has prevailed, I now advocate that there be sensitivity around these emotions.

In the words of the Sentimental Bloke, "I hope they'll shake hands when the matter is done".

In the spirit of reconciliation, may I suggest naming the new community centre from the Jaara language of the Dja Dja Wurrung people – just an idea.

Peace

Cate Evans

### Council drops Mechanics, switches 'hub' to Victoria Street

Hepburn Shire Council decided to wash its hands of Trentham's Mechanics Institute at its meeting on Tuesday, 19 August, and move its 'hub' plans to Victoria Street.

The decision came after a 4-2 vote on a motion from Cr Bill McClenaghan. Management control of the Mechanics Institute returns 'immediately' to the Department of Environment, Land, Water and Planning.

Local Councillor Sebastian Klein was excluded from the room for the vote, due to a possible conflict of interest, since he lives near the new site. He was to move the next motion, to build the hub around the core of the existing Mechanics building, but (unsurprisingly) failed to get a seconder. His proposed compromise arose from community feedback to the Council's unanimous decision in 2014 to build on the Mechanics site.

Charles Sherlock, recorder for pledges towards the \$100,000 community contribution sought by Council, noted that 224 locals had done so. Those who have contributed funds have been contacted: some are waiting on the Council election outcome before claiming theirs back.

The original design – the outcome of a two-year Facilities Review – brought together the Library, Historical Society, Visitor's Information Centre and senior citizen's facilities with a hall able to accommodate 250 people.

Opposition to this development came from 'save the hall' locals, and some wanting to retain its history as a Mechanics Institute - concerns aimed to be met in Cr Klein's motion, which received support at his well-attended Ward meeting the previous Tuesday, 9 August.

### Vale New Mechanics

The recent decision by Hepburn Shire Councillors to relocate the proposed Hub [or part of it] from High St to Victoria St, and to retain the Mechanics Institute building in its current form, is a classic example of Council ineptitude and to foist a second-best outcome on Trentham.

Although there will be some who see this result as a victory, there are no winners from this decision. In the long term Trentham will pay dearly, with many of our more active residents and volunteers in all likelihood withdrawing from community affairs.

Who could blame them; after all Council has made several decisions on this project over recent years and all have now effectively been overruled without any proper consideration of a realistic alternative. Hepburn Shire Council has displayed total disrespect for all those members of our community who had committed many hours of unpaid time to further develop ideas which Council had previously approved.

There is no guarantee from Council that the "new solution" at Victoria St will be anything other than a much reduced Hub, only providing space for the Library, Life Activities, Visitor Information Centre, toilets and perhaps one or two meeting rooms and space for the Historical Society - no Hall for 200+ people, no commercial kitchen. Any development of the existing Mechanics Institute will be dependent on the community raising money; in the meantime the existing building will stay as is.

The "compromise" proposal which was discussed and generally approved by the 50-60 participants at the Coliban Ward meeting on 9 August had the potential to create a true COMMUNITY CENTRE for current and future generations; an active, visible, light filled and joyful facility which might draw all Trentham residents through its doors; but not now.

Those who thwarted this concept have much to answer for. A unique opportunity has been lost and Trentham will be much the poorer for it.

VALE NEW MECHANICS

Andy Robertson

### Thank You

Thanks to everyone who has already hosted a kitchen-table conversation or has set a date with me to host one.

So far it has been a really interesting insight of what people are thinking - what they value, and what they hope for our town, and the surrounding region.

People are passionate about the things that they love about our community now, at the same time as being eager to see things improve in various ways to meet our needs now, and into the future.

Stand out issues so far have been public transport, heritage preservation, maintaining the character of Trentham, and ensuring that we have adequate services. These services variously have related to recreation infrastructure, paths and trails, childcare and the men's shed... and of course the perennial issue of the hub.

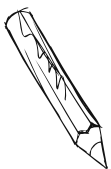

Over the coming seven weeks before the council election I will be working hard to understand as much of what people are concerned about in Trentham and around Coliban Ward.

So please take the opportunity to have me over for a chat about what your hopes are from your representative on Hepburn Shire for the next four years. Or just take the opportunity to speak to me in the street or contact me at the details below.

Cheers

## TRENTHAM ARTIST HOPES FOR 3RD TIME LUCKY

Trentham artist and noted portraitist Rose Wilson is hoping for a case of 3rd time lucky in this year's \$50,000 Black Swan Portrait Prize.

Rose, a former Archibald and Doug Moran portrait prize finalist, has just been short-listed for the prestigious Black Swan for the 3rd consecutive year.

Her powerful portrait of fellow local artist Tim Jones caught the eye of judges sifting through a record number of entries from around the nation.

Rose has a distinctive style that literally involves getting her hands dirty as she manipulates paint with her hands as well as more traditional brushes and palette knives.

She also has a very honest eye that cuts through to her subjects' personality and character rather than seeking to create flattering, prettified reproductions of their images.

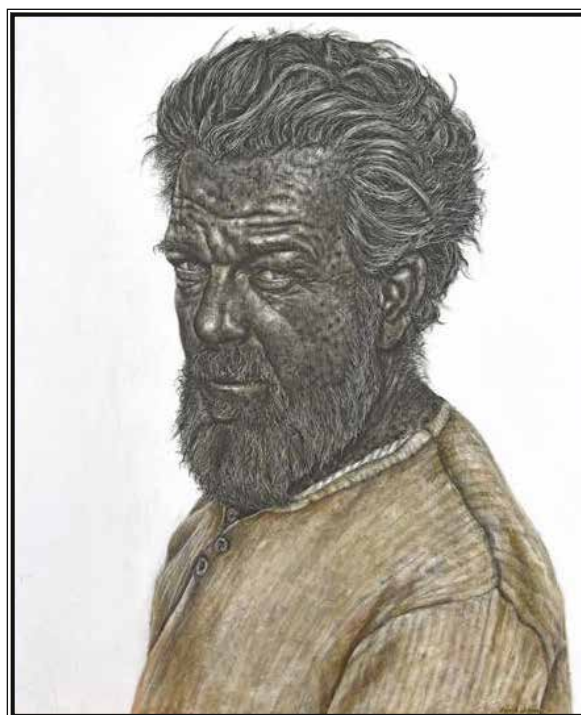

As a fellow artist, Tim Jones was happy with her very direct approach.

The Black Swan this year celebrates its 10th anniversary and finalists' works will be on show at the Art Gallery of WA from October.

As well as spending hours at her East Trentham easel, Rose is also co-founder and co-proprietor of Trentham's Little Gallery on High, where she exhibits alongside fellow members of the artist-run showroom.

*Peter Young*

Editor's Note: The winning entry in the Black Swan Portrait Prize will be announced in October.

## ST GEORGE'S FLOWER SHOW

St George's Flower Show organising committee is in full swing planning this year's Show on the 26th of November. We're wondering if Spring really has sprung and how our gardens will respond if the sun continues to shine, and the soil warms up.

Surely the roses will be magnificent by the end of November!

Entry forms will be available next month in most stores around Trentham, Tylden, and Blackwood. There are two changes in the categories — one in the children's section and one in the adults, so check carefully when you're deciding what to enter.

There will be lovely prizes to win as usual in both sections.

We do look forward to seeing what Trentham can come up with on the day.

## Words in Winter

### WORDS IN WINTER TRENTHAM

This year's Words in Winter Trentham program was jam packed with events running every weekend in August. At the time of writing this piece there was one weekend of events to go so a full wrap up will be available in the October Trumpet.

One highlight was Trentham winning the Clever Towns Challenge on August 6. There were six towns competing for the title being Trentham, Clunes, Newstead, Daylesford, Maryborough, and Creswick. Trentham beat Clunes by 1 question!

See you in the October Trumpet!

## Film Society hung up on Hitchcock

The Macedon Ranges Film Society's August 10 screening featured the 1948 Alfred Hitchcock classic 'Rope'.

'Rope' was inspired by a 1929 stage play based on a true story; two men who, considering themselves intellectually superior, commit murder by strangling their friend then throwing a party while his body remains hidden in their apartment. The film's drama centres around the intellectual game-playing between the murderers played by John Dall and Farley Granger, and their former school master played by James Stewart.

Hitchcock filmed on a single set with minimal editing – unusual for the time.

In September the Society's feature film is 'The Imitation Game' starring Benedict Cumberbatch.

The Macedon Ranges Film Society meets monthly on the second Wednesday at Woodend Community Centre. Film notes and an informal supper are part of the evening.

Trentham Photography Club

Trentham Photography Club once again took part in Words in Winter Trentham, with an exhibition on the weekend of 20 and 21 August. The exhibition followed the theme of 'Silence' and there were some amazing photos picking up on this theme. Adrian Tusek's snow photo of the footpath near Jargon was appreciated by many and a black and white photo of Trentham's lake by Melissa Cachia also drew the eye.

The Club's next meeting will take place at Trentham Neighbourhood Centre on Wednesday 28 September at 7pm. Bring along a photo of spring flowers printed no larger than A4 for discussion, as well as your camera. We hope to have a little project to do on the night.

## Goods & Services Tax on purchase of farmland

### Consider George's case

George has been farming potatoes in Trentham as part of the family business for many years. He has finally gathered together enough funds to purchase his first farming property. George is concerned about the Goods & Services Tax (GST) applicable to the purchase as the vendor is registered for GST and has indicated there may be GST charged on top of the purchase price.

### GST Implications

There will be no GST applicable to the purchase of farmland if the following conditions are met.

- The land was used for a farming business for at least five years immediately before the sale; and
- The buyer intends to use it for a farming business; and
- Both parties to the contract are registered for GST; and
- The contract clearly specifies there will be no GST charged.

In review of these conditions, George has confirmed with the vendor that they have been operating a farming business on the property for over five years and that they are GST registered. George also intends to run a farming business on the land, has himself registered for GST and confirmed with his legal representative that the contract correctly identified the transaction is to be GST free purchase of farming land

Should you wish to discuss further please feel free to contact Andrew Marshall or Janine Orpwood on 5427 8100 for an initial consultation.

## THE ART OF CHANGING LIVES

A donation of \$5000 from The Hairy Arch Art Committee will be used to establish a special 'Art Fund' for residents at Trentham Aged Care.

The donation represents proceeds from the recent Hairy Arch Art Competition held in Trentham on Saturday 9 July. Running for over 14 years, the competition is open to amateur artists who are judged by professional artists from across the region. Artworks are then auctioned off with the proceeds directed back into the community.

"We are very grateful for this donation to Trentham Aged Care," says Jacqui Tisdale, recently appointed Director of Nursing at Trentham Aged Care.

"Supporting and encouraging creative expression of our residents is important in meeting their emotional needs and is part of our commitment to providing a person-centred approach to care."

"The funds will provide our residents the opportunity to participate in art therapy classes, undertake art-related field excursions, and provide for materials to assist with art-related activities."

## PRIMED FOR ART

London art specialist, Leslie Primo, captivated the ADFAS audience at Kyneton Town Hall on 18 August. His topic was Dido Elizabeth Belle, a black woman living in a grand London house in the late 18th century at the height of slavery. Leslie used the image of Dido and a variety of other images by artists such as Joshua Reynolds and Joseph Turner to explore changing social attitudes towards the industry of slavery and the first stirrings of the abolition movement in Britain.

There has been a late change to the published lecture on 15 September, 'The lure of the Midi: Modern artists and the South of France' due to illness. Fortunately, New Zealand consultant curator and lecturer, Jane Vial, a specialist in early 20th Australasian art, has stepped in to fill the breach. Jane's lecture, 'Tom Roberts' Adventures in New Zealand' will introduce us to the artworks that Roberts created during his little-known visit to New Zealand in 1900. All interested art lovers are welcome.

Details: Thursday 15 September, 7 for 7.30pm at Kyneton Town Hall. Lectures are followed by local wine and supper. Lectures are free for ADFAS members. Guests are invited to attend individual lectures for \$30.

## WOMEN OF TRENTHAM LUNCHEON

Trentham & Districts **Community Bank®** Branch has been instrumental in establishing a Women of Trentham philanthropic fund.

The launching event for the fund was a Women of Trentham Luncheon held on Tuesday 2 August 2016. The Plough@Trentham was bursting at the seams with 115 women attending the luncheon.

A generous contribution from the branch means the fund has commenced with a healthy balance. The fund will be administered by local women and put towards a variety of causes including assisting women wanting to study, through a bereavement or simply doing it tough.

For more information about the fund, please contact Branch Manager Jane Lincoln.

## 5TH BIRTHDAY CELEBRATIONS

On the evening of Friday 19 August 2016 more than 70 shareholders gathered with Directors of Cool Country Community Enterprises Ltd and the branch team to celebrate the 5th birthday of Trentham & Districts **Community Bank®** Branch.

A highlight of the evening was the announcement of a 5% fully franked dividend on shares. Five years of steady growth, and two years of profit, has resulted in the first dividend to be paid to shareholders.

CCCE Chair, Corina Sabo, also took the opportunity to reveal that \$100,000 has been returned to Trentham and surrounding districts through the Community Investment Program.

Many people contributed to the success of the evening and thanks go to the fabulous team at Birdie Kitchen for the catering, the netball girls from Trentham District Football Netball Club for waitressing and members of Trentham Golf Club for volunteering their time. CJ's Wicked Cakes supplied a delicious birthday cake and the beautiful floral arrangements were prepared by Acre of Roses. A final thank you goes to DJ Alex who kept the crowd entertained with a wide assortment of music.

## COOL COUNTRY CLASSICS CAR CLUB

Membership to the Club still is as popular as ever, with the Club currently at its maximum membership numbers, and this is also highlighted by the good numbers attending our monthly meetings at the Cosmo Hotel.

Our recent AGM welcomed a couple of new faces joining the existing committee, as we prepare for another year of events and runs to interesting places.

This year saw a change of venue for our Xmas in July with the Pig & Whistle hosting us. The night was a great success with good company, fun, and laughter making the evening special.

By the time you read this, the club would have attended the Marong Picnic Day at the end of August. Other upcoming events include the Metcalfe Tractor Pull, Ivan Smiths Motor Museum in Kyneton, the Bay to Birdwood in Adelaide for some members, a return trip on the Goldfields railway, and our own Car Show on the 13th November to name a few. We are also working towards a weekend away early next year, visiting the renowned Woods Museum at Rupanyup.

We welcome visitors to our monthly meetings, 2nd Wednesday 7.30pm at the Cosmo, or join other members from 6.00pm for a meal and friendly chat.

Until then, happy motoring.

## 2016 GARDEN LOVERS FAIR

More than 1500 garden lovers are expected to converge on historic 'Bolobek' at Macedon for the annual Mount Macedon Horticultural Society Garden Lovers Fair on Saturday 17, and Sunday 18 September.

This event has been running since 2002 and attracts visitors from Melbourne and regional Victoria as well as across Australia.

There will be more than 30 stallholders including local and interstate specialist plant growers, artisan tool makers, garden power tools and outdoor garden furniture importers. There will also be food stalls selling lunches, homemade cakes, biscuits, jams, jellies and garden produce.

Guests will be able to learn the tricks of the trade from an impressive line-up of gardening personalities and experts presenting throughout the weekend, including:

- Award-winning landscape designer and ABC 774 radio personality Carolyn Blackman, from Vivid Design.
- Well known gardening personality and plantsman Stephen Ryan, from Dicksonia Rare Plants in Mount Macedon.
- Talented creator of espaliered fruit trees including citrus, Chris England. Chris also espaliers camellias and small scented trees.

A BBQ lunch will be provided by the 1<sup>st</sup> Gisborne Rovers. Guests can also sample local wines, lunch on delicious homemade food and excellent coffee and tea – plus take a unique opportunity to wander through the delightful gardens of this impressive property. There will be a crèche where you can leave the plants you have bought while you eat your lunch before wandering around the garden.

Bolobek, in the foothills of Mount Macedon, featuring four hectares of established gardens – including a walled rose garden, mature woodlands and an impressive orchard, has been inspiring gardeners for more than a century.

Bolobek is located at 370 Mount Macedon Road, Macedon. Gates will be open from 10am to 4pm, on Saturday 17, and Sunday 18 September 2016. The entry fee of \$10 includes the Fair and Bolobek garden. Children under 18 are admitted free.

## September 10 THE RELUCTANT FUNDAMENTALIST

(USA/UK/Qatar, 2013, 130 mins.  
War/drama/thriller)

Director: Mira Nair  
Featuring: Riz Ahmed.  
Language: English

It is the year 2000 and Changez, a young Pakistani man, is working on Wall Street and beginning the whole American Dream. Then the 9/11 attacks on the World Trade Centre occur, and the reaction of America changes Changez's life forever. A thought-provoking film from a female Indian director showing how innocent, pro-American Muslims can be radicalised.

## October 8 KEEP ON KEEPIN' ON

(USA, 2014, 84 mins.  
Music/drama/biography)  
Director: Alan Hicks;  
Featuring: Clark Terry, Justin Kauflin,  
Gwen Terry, Quincy Jones.  
Language: English

Inspirational but laid-back jazz legend, 93 year-old Clark Terry broke racial barriers on American television, played with both the Duke Ellington and Count Basie bands, and mentored the likes of Miles Davis and Quincy Jones. Set in his later years, this film lovingly portrays his friendship with Justin Kauflin, a 23 year-old, prodigiously talented, blind pianist. Tough challenges emerge for both our protagonists in this tale of love, perseverance, courage, humility and the power of music.

## HISTORY OF TRENTHAM 2000-2016

Thanks to Charles Sherlock's hard work and research skills, the Trentham Historical Society has produced its latest quarterly paper, 'The Recorder' about the most recent history of Trentham, the last 16 years. The paper has already resulted in some fascinating coffee shop discussion around town, and is a must read for all considering the future of Trentham. We hope, for example, that it will enlighten the discussion about the future of the old Mechanics Hall. Papers are available from the Neighbourhood Centre for a mere \$2.50 or email [petasherlock@gmail.com](mailto:petasherlock@gmail.com).

The THS annual meeting on October 17th will include a panel discussion of Charles' research and bold thesis that "Trentham has changed more in the past decade years than in the previous 150 years."
